Qualifications Profile:

I have 15 years of experience working in the design field in a variety of disciplines: graphic design, photography, video. I excel in working through the entire creative process with a client or internal department, hearing what they want and exceeding their expectations. Working as an in-house creative in the non-profit sector and working with startups has helped me discover ways to create effective marketing materials on a tight budget. I am always up for learning new skill sets and thrive on new challenges.

Professional Experience:

**St. Charles
Community College**
Graphic Designer

May 2018 to Present

As a designer at St. Charles Community College, I have worked in a number of disciplines all in promotion of school including: photographing events, portraits in studio and on campus, shooting our own stock photography, creating catalogs, theatre posters, print promotions, internal signage, mock-ups for web pages, video projects for the annual reports, creating internal branding programs and website mock-ups. Working as a designer at the college means using all your skills and being ready to learn the needed skills to get the job done.

Professional Experience:

First Free Church

Media Designer

March 2013 to April 2018

During my time at First Free Church, I worked to create a clear and consistent brand for the church. I designed all the print materials, created giving, and volunteer campaigns. When making several videos and intros for First Free Church I learned: story development, cinematography, lighting, sound, and video editing. I also created digital signage, print pieces, branded, and photographed many First Free events. Worked extensively with the teaching team to create series graphics. I spent five years helping steer the creative efforts of the church.
